## You've been ransomware

We have hacked all your

# database

We have your customer data. We will release your customer data unless our demands are met. To show you that we're not kidding, we've attached an excerpt of some of your databases. We welcome you to validate their authenticity.

Send 10 BTC to **1ATxjNNUgMhZ54Ew9FHUiUWHmXaceKfNuj** within 1 day or we will encrypt all your systems. If you do not send us the ransom within 10 days, we will release all your customer data.
